

Cheddleton Community Centre Safeguarding Policy for Adults at Risk

This policy was adopted by Cheddleton Parish Council by the Community/Craft Centre Management Committee on 30th. May 2023, next review date to be on or before June 2024.

Policy Statement

Cheddleton Parish Council is committed to ensuring the protection of adults at risk.

Relevant legislation and guidance relating to the protection of adults at risk are reflected in this policy, including The Care Act 2014.

Who is an adult at risk?

The safeguarding duties apply to an adult who:

- has needs for care and support (whether the local authority is meeting any of those needs)
- is experiencing, or at risk of, abuse or neglect.
- as a result of those care and support needs is unable to protect themselves from either the risk of, or the experience of abuse or neglect.

Designated person for safeguarding

The current designated safeguarding leads for Cheddleton Parish Council are Councillor Mrs. C.A. Lovatt & Councillor M. P. Worthington.

This policy is based on the following principles:

- All adults at risk feel safe and valued.
- All adults at risk, whatever their age, culture, disability, gender, language, racial origin, religious beliefs and/or sexual identity have the right to protection from abuse.
- All suspicions and allegations of abuse will be taken seriously and responded to swiftly and appropriately
- A **designated person for safeguarding** will be identified (as above) for all matters affecting adults at risk, and to identify appropriate training opportunities.
- Everyone has a responsibility to report concerns to the designated person with responsibility for safeguarding.

Dealing with cases of abuse

1. Definitions of abuse

Abuse may be defined as the wrongful application of power by someone in a dominant position. It involves an imbalance of power and exploitation without a full and informed consent. Abuse can take several different forms and may be a single act or repeated acts.

Please see Appendix 1 for a further breakdown of categories and types of abuse and Appendix 2 for a list of the potential signs of abuse

2. What to do if you suspect that abuse may have occurred

1. You should report the concerns immediately to the designated person or to local services for advice.
2. Seek emergency medical attention if necessary.
3. Suspicions will not be discussed with anyone other than those nominated above.

3. Responding to an adult at risk making an allegation of abuse

- Stay calm, listen carefully to what is being said.
- Find an appropriate early opportunity to explain that it is likely that the information will need to be shared with others-do not promise to keep secrets.
- Allow the adult at risk to continue at his/her own pace.
- Ask questions for clarification only and at all times avoid asking questions that suggest a particular answer.
- Reassure the adult at risk that they have done the right thing in telling you.
- Tell them what you will do next and with whom the information will be shared.
- Make the referral.

Helpful statements to make: -

- I believe you (or showing acceptance of what the adult at risk says)
- Thank you for telling me.
- Its not your fault
- I will help you.

Do not say :-

- Why didn't you tell anyone before?
- I can't believe it!
- Are you sure that this is true?
- Why? Who? When? Where?
- Never make false promises.

Do

- Call for help if necessary, from emergency services.
- Ensure the person's safety.
- Act within the individual's wishes, as far as possible
- Reassure them that they will be supported.
- Report to the designated person as soon as possible

Do Not

- Promise not to tell anyone.
- Act within the individual's wishes if it would put them or others at risk.
- Be judgemental.
- Contact the alleged perpetrator or anyone else in the allegation.
- Touch or move anything/ contaminate evidence.

4. What to do after an adult at risk has talked to you about abuse

1. Write down what they said as soon as possible afterwards, using the person's own words.
2. You should report your discussion with the designated person as soon as possible. If the designated person is implicated report to Social Services. Do not discuss with anyone else.

5. Recruitment and appointment of workers and volunteers

In recruiting and appointing workers Cheddleton Parish Council will be responsible for the following:

- We will draw up the selection criteria and putting together a list of essential and desirable qualifications, skills and experience.
- All applicants should apply in writing and their application will cover their personal details, previous and current work/volunteering experience.
- We will make sure that we measure the application against the selection criteria.

- We will ask for photographic evidence to confirm the identity of the applicant e.g., their passport.
- We will request two written references from people who are not family members or friends.
- If relevant to the role we will ensure that our successful applicant has obtained the Enhanced DBS as required from the Disclosure and Barring Service.
- We will include our safeguarding adults at risk policy in the induction process.
